Welcome to then. Welcome to Jhoom.

Chef's Note

Chutneys, Pickles & Nostalgia

Food is always connected to memory. The flavours we grew up with at home, on holiday after exams, at boat clubs, or after long walks in the hills become traditions that quietly shape who we are.

At JHOOM, we've revived some of those little secrets through our house-made chutneys and pickles, a revival of sorts, meant to bring back the taste of an ancestral home.
